Summary

I am an energetic, ambitious person who has developed a mature and responsible approach to any task that I undertake, or situation that I am presented with. Attracted to nature and biotechnologies, I studied and became a forestry engineer, and recently decided to turn my passion for coding into a career.

Experience

Workshop Manager

GML SPORT AB

Apr 2017 - Apr 2022
As a workshop manager I had to take care of the machines and turf maintenance equipment on three golf courses, making sure that they are in good working condition at all times. It involved both office and workshop: keeping a service log for each machine or car, changing parts and oil, ordering parts, moving machines on a trailer between golf courses and football pitches, grinding units.

Assistant Greenkeeper
Lindo Golf

Mar 2015 - Mar 2017

My reference when I left the
company:
"Cristian's punctuality, reliability and work ethic were exemplarity. He displayed a high level of intelligence and motivation that is not often found in employees and he approached every task with the same attitude. His desire to learn and his interest in the job are rarely bettered and I believe that whatever his ambition is in the industry, he will achieve it.
David Hickey
Course Superintendent "

Education

Scoala Informala de IT - ReactJS 2022

- React – Intro/JSX
- Components, props, state
- Lifecycle methods
- Routing in react
- Redux Basic

Scoala Informala de IT - Front-end Web Development

- Web Introduction
- HTML
- CSS
- JavaScript
- JavaScript advanced

Engineer's degree - Forestry Engineering

2010 – 2014

Forest engineering is a hybrid of engineering, forestry and management. Forest engineers are a critical part of forest planning and particularly forest harvesting operations. The work involved includes:

- surveying
- road and forest infrastructure design
- harvesting equipment selection and installation
- environmental planning
- staff and contractor supervision
- working with harvest planners, harvest managers and forest managers.

Licenses & Certifications

European Computer Drivers License (ECDL)
